

Shower Door Options

AG 1 GOOD

Smart Choice for the Budget-Minded. This is our value option. We match a prefabricated door that fits your space best (may see small gaps). Still templated with laser accuracy, still installed with care, and still a clean, sharp look.

- **NO TOWEL BARS**
- **Height:** 72" to 80" (Custom height unavailable)
- **Link to Prefabricated Doors**
- **Glass:** Standard 3/8"
- **Gap Between Door and Panel:** $\pm 1/4$ "
- **Hardware Color Options:** Oil Rubbed Bronze, Matte Black, Polished Chrome, Gold, Polish Brass, Brushed Bronze or Satin Brass and Brushed Nickel
- **Includes a 3-year warranty.**

AG 2 BETTER

Clean, Custom, and Built to Last. You still get a custom-cut door based on our laser template—accurate to the 1/16". We use reliable glass and hardware that match your needs and still deliver a sharp, professional finish.

- **Height:** An increment from 70" to 84"
- **Glass:** Standard 3/8"
- **Gap Between Door and Panel:** $\pm 1/8$ "
- **Hardware Color Options:** All available offerings
- **Includes a 3-year warranty.**

AG 3 BEST

For Clients Who Want the Absolute Best. Full custom glass, cut to fit your exact space with laser precision. Built with premium materials, coated to fight hard water, and hardware strong enough to outlast anything we throw at it. Installed by our best craftsman.

- **Height:** Any increment from 70" to 84"
- **Glass:** ShowerGuard or Hydro Clear with baked-in coating, option for Low Iron
- **Gap Between Door and Panel:** $\pm 1/8$ "
- **Hardware Color Options:** All available offerings
- **Includes a lifetime warranty.**

Not Sure What To Pick?

We'll walk you through the options and help you get the right fit for your project and budget.
